

NFT-Sale Step by Step

Welcome to the Polka City NFT Sale. This guide will help you have a smooth purchase of POLC Polka City Assets. **There will be a founder's special edition NFT for 3 random citizens out of the first 100 asset owners.**

Purchase requirements

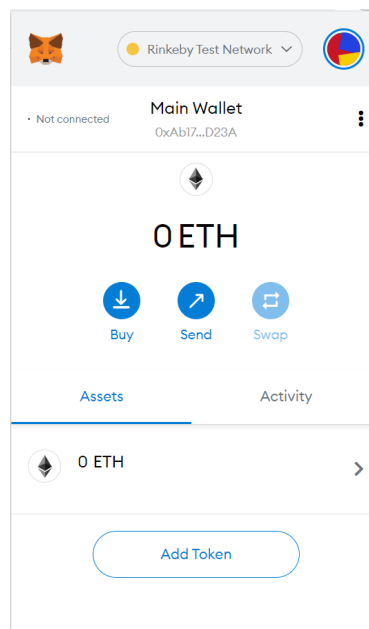

1. Metamask MUST be installed and POLC ready in your wallet. If installed, you will notice that Metamask will pop up and ask you to connect to the Polka City page. Please Select wallet and click Next. If you do not have Metamask install, please install from <https://metamask.io> and refresh the page.

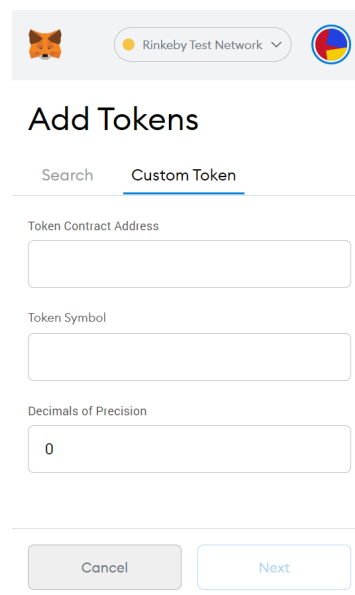

Adding POLC to Metamask

To add POLC to Metamask Follow the next Steps

1. Click Add Token.

2. Click Custom Token

The image shows the 'Add Tokens' screen in the Metamask mobile app. It has a header with the Metamask fox logo, a dropdown menu set to 'Rinkeby Test Network', and a profile icon. Below the header, it says 'Add Tokens'. There are two tabs: 'Search' and 'Custom Token', with 'Custom Token' being the active one. Below the tabs, there are three input fields: 'Token Contract Address', 'Token Symbol', and 'Decimals of Precision'. The 'Decimals of Precision' field has the value '0'. At the bottom, there are two buttons: 'Cancel' and 'Next'.
